DEFENSE TECHNOLOGIES INTERNATIONAL CORP. (DTII)

announces

Teaming Agreement with Williams-Sterling, Inc. a Service-Disabled Veteran Owned Small Business.

Del Mar, California (March XX, 2022) – Defense Technologies International Corp. (OTC: DTII) (the Company) and **Passive Security Scan Inc.** (the Subsidiary); innovative providers of security technology and systems with broad and diverse applications, is pleased to announce the execution of a “**TEAMING and BRANDED DISTRIBUTION SERVICES AGREEMENT**” with **Williams-Sterling, Inc. (WSI)** of Winchester, VA.

About WSI and the Teaming and Branded Services Agreement

WSI is a Department of Veterans Affairs approved Certified Veteran Owned Enterprise (CVE). The Parties intend to work together to identify opportunities where, WSI’s Service-Disabled Veteran Owned (SDVOSB) status and DTII/PSSI’s “Passive Scanning Technology” can be uniquely joined to target Multiple Award Schedule (MAS) or Service Disabled Veteran Owned Small Business Set-Aside or Small and Disadvantaged Business Utilization (SADBUS) Solicitations/Contracts/Purchase Orders for Commercial Off-the-Shelf Item awards issued by the Federal Government, or Solicitations/Contracts/Purchase Orders contracting opportunities specifically managed through any weapons detection scanning designated Prime Vendor/Program Office to provide government customers with a superior solution on items of supply identified under the North American Industry Classification System (NAICS) or Federal Supply Classification (FSC) Federal Cataloging Program.

"I am pleased to be able to announce our participation with Williams-Sterling, Inc in support of a Service-Disabled Veteran-Owned Small Business (SDVOSB), adding our Passive Portal and EBT scanner to their business opportunities.

Our Passive Portal is the only proven Passive-Sensing Zero-Radiation Walk-Through Weapons Detector. Our New EBT-Station” (Elevated Body Temperature) with the Mask- and Contact Tracing-Option is unique and unmatched.” said Merrill Moses the Company’s president.

About DTII and its subsidiary ‘Passive Security Scan, Inc’ (PSSI).

PSSI is a private Utah Corporation and Subsidiary of Defense Technologies International Corp. Passive Security Scan Inc. was formed to bring our **Passive Scanning Technology™** and our **Passive Portal™ weapons and the EBT elevated temperature detection systems** to the market, to improve public safety with a system specifically designed for public and private schools, sports arenas, and other public venues. The **Passive Scanning Technology™** was developed in 2005 and has been continually improved upon with the newest technological advances. The ‘Zero-Emission’ **Passive Portal™** gateway is our newest model in production and ready for the market.

Forward-Looking Statements This news release contains certain statements that may be deemed "forward- looking" statements. Forward looking statements are statements that are not historical facts and are generally, but not always, identified by the words "expects", "plans", "anticipates", "believes", "intends", "estimates", "projects", "potential" and similar expressions, or that events or conditions "will", "would", "may", "could" or "should" occur. Although the Company believes the expectations expressed in such forward-looking statements are based on reasonable assumptions, such statements are no guarantees of future performance and actual results may differ materially from those in forward looking statements. Forward looking statements are based on the beliefs, estimates and opinions of the Company's management on the date the statements are made. Except as required by law, the Company undertakes no obligation to update these forward-looking statements in the event that management's beliefs, estimates or opinions, or other factors, should change.
